TOOLS:

- Spudger (1)

Step 1 — Battery

- Flick the two lock tabs into the unlocked positions by pushing each button forward.

Step 2

- Pop the back cover up using the groove on the top of the phone.

Step 3

- You can now access the phone's battery.
- Using a spudger, remove the battery and set it aside.

To reassemble your device, follow these instructions in reverse order.
